

THECSSAWARDS

Please tell us a bit more about yourself and how you got started in the field of web design – what is your speciality?

- I started in a very small agency as a Designer/Coder in Turkey. I am a Front-end Developer.

What did you do before becoming a designer?

- I was studying Geophysics in my country.

Where do you look for inspiration?

- I am inspired by other successful designers and developers.

What's your favourite studio / studio / designer / developer?

- I love F-I 's work. Hakim El Hattab is a great developer. Bulent Shik is the best and most experienced designer I know.

I believe something funny happened during your work. Tell us about some unique story?

- Two years ago, when I was working in an agency in Turkey, I deleted all the data of the agency blog database by mistake. Luckily, I was able to insert 300 posts in a night to the blog before anybody realized anything.

Mac or PC?

- Definitely Mac!

What is your favourite software?

- Lately it's Espresso

What City Do You Live In? Is it a good place for designers?

- I currently live in Antalya, Turkey. It is a perfect place on winter for designers/developers ; very silent and warm.

What Technologies are you Excited About?

- HTML5 (Canvas & WebGL) and new CSS3 features.

Tell us something about your latest projects.

- I am re-learning Ruby and working on a very simple ROR project.

Thanks
